SIR,

In continuation of this office No.6130/383 dated the 28th January 1909 and 229/14 dated the 7th July 1910, I have the honour to forward herewith copy of letter No.229 dated the 30th October 1911 from the Head Master, High School, Bangalore regarding the Excise Stores in the compound of the High School and to request that early attention may be given to the matter and the noxious warehouse removed to a distance from the school for youth.

----------::----------

I have the honour to submit that though repeated requests have been made during the past two years for the early removal of the "Arrack" and other "Liquor" Stores from the High School premises, nothing has been done as yet. The injuriousness of such contact to young pupils of the school is evident. The school is expected to teach morality to boys, But the best teaching will be of little avail with such a demoralising object lesson before them, all the twelve hours of the day. I, therefore, request again that either Government may be kindly moved or the Deputy Commissioner, as well as the Excise Commissioner be requested to order the removal of the stores, as early as possible. It is needless to add that the matter is such as to require some urgent steps being taken.

My dear Sir,

With reference to your D.O. no 360-369, dated 15th May 1912 anent a programme of works for the next five years, I beg to submit as follows:-

The works which have to be included in such programme, is Construction of Excise Commissioner's Office etc., Bonded Warehouses for Storing Arrack and other Country Spirits.

In 1907 it was proposed that the Management and Control of these Warehouses should be taken by Government, when it was directed that necessary enquiries should be made regarding requisite accommodations and detailed proposals with plans and estimates for additions or alterations etc; needed to existing Taluk Cutcherry buildings &c., Submitted. A Sum of Rs 60,000/- was accordingly budgetted for it, in 1908-09, when for want of funds the Subject was deferred.

Again in 1910 the Chief Engineer intimated that a Sum of Rs 25,000/- was being budgetted for by him for this purposes, and asked for a list of 10 places arranged in order of urgency. On the information being

Sent,

Sent, he said it was not possible to find the fund without a Special grant.

The subject being important and urgent, the Government decided to consider it in 1911-12, when a sum of Rs 12,000/- was allotted for Construcing some of the buildings in 8 places; but none of these works would seem to have yet been started anywhere.

It is, therefore, necessary to provide a sum of Rs 1,08,000 exclusive of the said allotment of Rs 12,000/-, or if that is likely to lapse by end of this month, a total sum of Rs 1,20,000/- for these Warehouses in all the places during the next five years, as originally proposed, besides a sum of Rs 1,00,000 for the Excise Commissioner's Office etc; as detailed in the accompanying Statement.×

In this Connection I would submit that the Construction of Warehouses may well be considered with the proposal of Government taking up the construction of new Taluk Cutcherry buildings on Standard designs to suit all administrative requirements. Though we may not require or be able to construct new Taluk Offices in all places

SIR,

In continuation of the previous correspondence ending with this office letter No.4538/313 dated the 29th November 1911, I have the honour to inform you that the Government High School, Bangalore is put to considerable inconvenience owing to an arrack depot lying close to the Tiffin rooms attached to the school. The compound of the Mahal building adjacent to the school compound is dirty for want of care on the part of the departments using the Mahal building. These facts were represented to the Deputy Commissioner by the Executive Engineer. No action appears to have been taken yet for the removal of the bonded warehouse from the vicinity of the school and for adding a portion of the Mahal compound to the school compound. As these items require urgent attention in the interest of the school, I request that Government may be pleased to pass orders for remedying the inconveniences pointed out.

I have the honour to be,

I have the honor to inform you that the location of an Arrack Depot close to the Government Anglo-Vernacular School in the Fort, Bangalore is a source of considerable inconvenience to the pupils attending the school. It is highly desirable that the arrack depot should be removed from the vicinity of the school. The Executive Engineer has also expressed his opinion in favour of the removal of the depot. This matter has been submitted to Government and their orders are awaited.

2. In this connection I beg to mention an unpleasant incident of an assault said to have been committed by one Seenappa a relat of the Bonded Warehouse Mutsaddi Ranganna on the school peon for having objected to an act of nuisance committed in the school co pound.

3. In the interests of the large number of the pupils of th school I request you to be so good as to take steps for the remo of the bonded warehouse from the present locality.

In continuation of my letter No. 92, dated the 5th Instant, regarding the removal of the Excise Inspector's office and the City arrack Bonded Depot from the building in the compound of the High school, Fort, Bangalore, I have the honor to forward herewith a copy of a letter No. 272, dated the 10th Instant received from the Inspector General of Police in Mysore, Personally I am of opinion that the old Palace Building which is at present used as a School but which is larger than required for the purpose, may be made over to the Taluk Cutcheri. The Police, Excise and Sub-Registrar Offices as well as the Arrack Bonded Depot may be located in the same building. The present Taluk Cutcherri and Excise Buildings may be made over to the school and other offices now held in the old Palace.

I may mention that the accommodation wanted will be as follows for the Excise Department

30 by 15 for the Store-room.
15 by 15 for the Tap-room.

2 rooms 15 by 15 for the Excise Inspector and his Office.

The Sub-Registrar's Office will have to be more commodious than at Bowringpet, being a very busy and crowded Office the require-ments may be put down as a big room 15 by 30 for the Sub-Registrar and 4 rooms 15 by 15 for his Clerks and records. These can be -- worked out into the most convenient block. The building may be provided with armoured concrete roofings, specially the Depot --- portion for the safty of the liquor in it. The store and tap --- rooms should be divided by a grating partition as in Kolar and Bowringpet Depots.

I have submitted to Government to allow the building to be

has been felt keenly for a long time past.

2. Moreover it has cost the Municipality an enormous sum of money to dismantle the Fort wall and to reclaim the land for Municipal purposes.

3. I agree with the opinion of the City Improvement Committee and regret that the site being required for the Municipal Office and Town Hall to be hereafter constructed, the same cannot be spared for the Bonded Ware-House.

Diary No. 175 of 1913-14

— C.S.R. — 1

Bangalore
11th July 1913

Dear Narasinga Rao

With reference to your office D. O. No. 729 dt. 4th May 1913 enquiring whether the site near the Special Reserve Police Barracks in the Fort, Bangalore City, may be used for building a Bonded Warehouse Depot I beg to say that the whole block in question, I understand, has been reserved for Police purposes, viz., the construction of the proposed Central School which is of utmost importance the Hostel attached thereto, Quarters for the Police Inspectors and other Instructors and the students, as also the lines for the special reserve men, the present lines accomodating only 60 men, the remaining 120 being scattered all over the City and Cantonement causing greatest inconvenience and trouble for mustering them during any emergency.

2. Officers and men of the Special Reserve Police, the District Police, the City Police and the Taluk Police all hold their Parades in the Maidan, close to the Reserve Police, Bangalore, which is found to be quite inadequate for the purposes. The vacant site south and south-east of the Special Reserve Lines is best suited for the construction of the above-named Institutions which require spacious accomodations. As such, it is essential to reserve the whole block for Police purposes.

Considering the sanitation and other conditions of the City, I am of opinion that no other site in the whole of the City is more conveniently situated or easily acquirable for our purposes than this area which it would be a very great pity to split to pieces.

Yours &c.
